## **sound**

As we have NO sound engineer with us, we trust YOU to take care of the PA, if any available. The voice and kick should at least be amplified, though.

## **light**

Same here, please don't go on crazy fireworks setup, we have sensitive eyes, we prefer smooth yet discrete white lights for everyone.

3 bottles of mineral water  
red wine  
fresh fruits

## **stage**

to set up our merch  
(a couple of vinyls, tapes
